The statuses that should exist are:

- For Spanish, 'Aprobada', 'Rechazada', 'Fallida' y 'Pendiente'.
- For English, 'Approved', 'Rejected', 'Failed' and 'Pending'.
- To Portuguese: 'Aprovado', 'Recusada', 'Falha' y 'Pendente'.

If you have not installed one or two of the languages listed above when installing the plugin, the statuses will not be created, but if you later install any statuses, you can create them manually, but these must be called exactly as indicated above.

Now your customers can pay through PayU Latam when checking out in the Oscommerce shopping cart.
